FILE COPY

December 17, 1990

Mr. Gary Manville  
Surety Manager  
Fred A. Moreton and Company  
649 East South Temple  
Salt Lake City, Utah 84158-0139

Dear Mr. Manville:

Re: **Final Approval of Replacement Sureties, Interstate Brick Company,  
Fivemile Pass Mine, Powell Mine, and Jim Gay Mine, M/045/006, M/049/004,  
and M/049/005, Tooele and Utah Counties, Utah**

During the December 6, 1990, Board Hearing, the Board of Oil, Gas and Mining approved of the replacement reclamation sureties provided by Interstate Brick Company for the Fivemile Pass Mine, Powell Mine, and Jim Gay Mine. Enclosed for your records, is a complete copy of the signed surety and permitting documentation that was presented to the Board for each mine during the hearing.

The original surety bonds, from Seaboard Surety Company, can now be formally released. Replacement surety bonds from St. Paul Fire and Marine Insurance Company are hereby formally approved and accepted by the Division and Board. The following surety bonds are being returned to you for proper disposal:

<u>Seaboard Surety Bond #</u>	replaced by	<u>St. Paul Fire &amp; Marine Bond #</u>
# _____		# _____ (FIVEMILE)
# _____		# _____ (POWELL)
# _____		# _____ (JIM GAY)

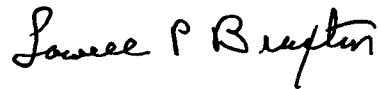

The Division acknowledges receipt of Bond #400HU5752 from St. Paul Fire and Marine Company. However, we are not able to release Bond #U302610 of Pacific Insurance Company which is currently held for the Koosharem Mine. We were not able to request Board approval of this replacement bond during the recent Board

hearing, since our file records indicate that there are outstanding tentative approval permit conditions for the Koosharem Mine which have not yet been satisfied by Interstate Brick Company. The Division anticipates resolving the remaining permit conditions in the near future. Once resolved, we can then request that the Board formally accept the replacement surety and release the bond currently in effect for this mine.

Thank you for your continued cooperation, patience and understanding in this regard. Please contact me or D. Wayne Hedberg of my staff should you have further questions in this regard.

Sincerely,

Lowell P. Braxton  
Associate Director, Mining
